NTU is a 501(c)(3) non-profit organization that provides exhibits, workshops and programs for people of all ages and backgrounds. The Oklahoma African American Visual Artists Registry is a service provided free of charge to those who qualify.

Oklahoma has many African American artists that are not recognized due to the lack of knowledge and information about these individuals.

NTU and other art organizations are in need of your visual art abilities. This Registry exists to provide Artists' an opportunity to connect with art collectors, interior designers, community businesses, national and state art organizations, and others who are interested in displaying or buying authentic/original artwork.
